# EVERYDAY LIFE IN AUSTRALIA

How where we live shapes how we move, spend our time and connect

opening statement / guiding question

DIFFERENT PLACES, DIFFERENT OPPORTUNITIES

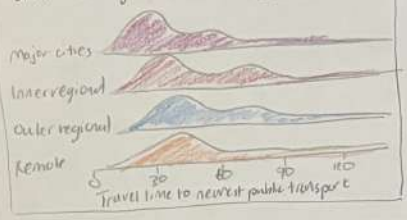

## 1. WHERE WE LIVE — Transport access and geography

Australian Public Transport Use

CHLOROPLETH

Urban vs Regional Access — RIDGELINE DISTRIBUTION

What this suggests

- Provide an analysis of the result
- What are the implications of this

Additional points

PEOPLE ON THE MOVE → STRONGER COMMUNITIES

## 2. HOW WE MOVE — Participation and travel between places

Where Australians Participate Most

Proportional Symbol Map

From Home to Work

ALLUVIAL

Key takeaways:

- Analyse the results
- Draw a conclusion about the everyday Australian

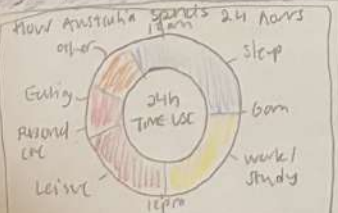

Transport Imagery

(Aesthetic purposes only)

SAME PLACES, DIFFERENT RHYTHMS

## 3. HOW WE SPEND TIME — Daily routines and weekday / weekend trade-offs

How Australians spend 24 hours

RADIAL CHART

Weekday vs Weekend Time Use

DUMBBELL
CONNECTED DOT PLOT

Possible implications:

- Analyse results
- What conclusions can be drawn here?
- What helps Australians find a better balance?

QUOTES HERE

## 4. WHAT WE DO FOR FUN – Leisure across age groups and weekend changes

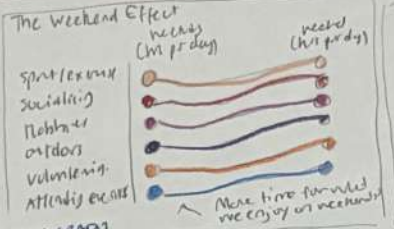

same activities, different life stages

Leisure Across Age Groups

HEATMAP

The Weekend Effect

SLOPEGRAPH

What this suggests

- draw conclusion
- comparison and differences

Additional notes

## 5. HOW WE CONNECT – Community spaces, participation and belonging

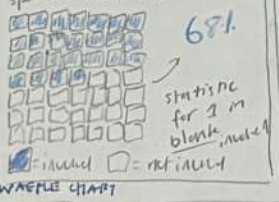

PEOPLE + PLACES = STRONGER COMMUNITIES

Where community life happens

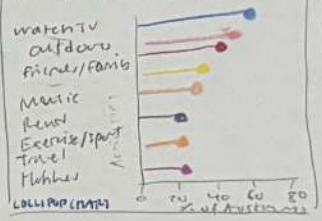

DOT MAP

How many Australians 14 & 15? Take part in at least one community sport or hobby activity?

WAFFLE CHART

Australia's favourite ways to unwind

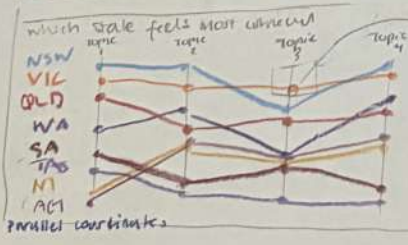

LOLLIPOP CHART

Discussion points

## 6. CONNECTED AUSTRALIA – Comparing states and drawing conclusions

Which state feels most connected

parallel coordinates

What does this all mean?

- conclusion about everyday life
